

1. Design System & Brand Palette

Primary Brand Color (Linkerry): #1A0B2E - Structural navigation, header bars, and high-emphasis cards.

Accent Color (Peach): #FFB7A5 - Action buttons, high-risk badge accents, and metric highlights.

Background Surface (Light Lavender): #F4F1F8 - Subtle card backgrounds, drawer panels, and callout shading.

2. Key Interface Screens

1. Operations Dashboard: Displays live 0-100 risk gauges, trend graphs, and high-priority vendor alert tables.

2. What-If Simulator Workspace: Interactive sliders allowing users to simulate price hikes or vendor failure with live re-allocation graphs.

3. Customer / Supplier Portal: Clean external interface for vendor PO confirmation, capacity updates, and compliance doc upload.
